When applicable, Contractor must comply with these provisions.

10. Motor Carrier Permit Requirements

- A. Contractor is responsible for determining whether California Vehicle Code Sections 34601 and 34620 require Contractor to have a valid Motor Carrier Permit (MCP) issued by the Department of Motor Vehicles (DMV) in order for Contractor to lawfully perform any part or aspect of the work described in Exhibit A, Scope of Work, and, if California Vehicle Code Sections 34601 and 34620 do require same for any part or aspect of such work, Contractor must have a valid MCP(s) issued from the DMV for its services as a Motor Carrier of Property under this Agreement. Contractor shall pay any required fees necessary to obtain and maintain in good standing during the entire term of this Agreement any such required MCP(s).
- B. MCP(s), if any, required for Contractor's Motor Carriers of Property under California Vehicle Code Sections 34601 and 34620 shall be on file with Contractor for the duration of this Agreement. Upon request of Caltrans Contract Manager or their designee, Contractor must immediately provide to Caltrans a copy of the required MCP(s), if any.

11. Contractor's License

Bidder must have, at time of **bid submittal** and for the duration of the contract, a valid, current **B-General Building Contractors** license issued by the CSLB, for the type of work to be performed. Bidder shall obtain, pay for, and maintain, in good standing, all necessary licenses and permits to accomplish the work. Bidders will be considered non-responsive unless proper licensing requirements are met. An invalid license will result in rejection of the bid. Positive verification of a valid license issued by the CSLB will be performed by Caltrans (Bus. and Prof. Code Section 7028.15).

12. Standard Title VI/Nondiscrimination Assurances (DOT Order No. 1050.2A)

Caltrans, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Statute 252, 42 USC Sections 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any Agreement entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.

13. Non-Collusion Declaration for Public Works

Bidder must submit, as described herein, a non-collusion declaration for public works. The non-collusion declaration is attached to this IFPQ as **Attachment 3**. Failure to submit a complete declaration shall be grounds for rejection of bid.

14. Bonds

Payment Bond Requirement: If the successful bidder's bid exceeds \$25,000, the successful bidder shall furnish a Payment Bond for not less than 100 percent (100%) of the total amount payable by the terms of this Agreement. The Payment Bond is due prior to the start date of work. No work may commence without receipt of a valid Payment Bond. The Payment Bond must be in effect at all times for the duration of the Agreement. If the Payment Bond expires during the term of the Agreement, a new Payment Bond must be provided to the Caltrans Contact Manager not less than 10 business days prior to its expiration. Failure to maintain a Payment Bond for the full term of this Agreement will be grounds for termination for default in addition to other legal remedies Caltrans may have. Inadequate or lack of a Payment Bond does not negate the Contractor's obligations under this Agreement.

15. Insurance

- A. The bidder, who receives the Agreement award, must provide a Certificate of Insurance providing proof of insurance to the Division of Procurement and Contracts within 10 working days from the date of notification of award. The State's Office of Risk and Insurance

Management will review insurance certificates and/or proof of self-insurance documentation before execution of the Agreement. Refer to the **Proposed Form of Agreement, Exhibit E, (Attachment 8)**, for the applicable and specific Insurance requirements and coverage limits.

- B. The insurance carrier shall provide an endorsement for the additional insured statement as follows:

Caltrans, State of California, its officers, agents, and employees shall be included as additional insured, but only with respect to work performed for the State of California under this Agreement.

- C. The additional insured endorsement must accompany the certificate of insurance.

- D. Satisfying A Self-Insured Retention (SIR)

All insurance required by this Agreement must allow, but not require, the State to pay any SIR and/or act as Contractor's agent in satisfying any SIR. The choice to pay any SIR and/or act as Contractor's agent in satisfying any SIR is at the State's discretion. If the State chooses to pay any SIR and/or act as Contractor's agent in satisfying any SIR, Contractor shall reimburse the State for the same.

- E. Available Coverages/Limits

In the event the insurance coverages obtained by Contractor is broader in scope than, and/or the limits are higher than, those required under the Agreement, all such broader coverage and/or higher limits available to Contractor shall also be available and applicable to the State.

16. Darfur Contracting Act

- A. The Darfur Contracting Act, Public Contract Code Sections 10475-10481, applies to any company that currently or within the previous three (3) years has had business activities or other operations outside of the United States. The Act was passed by the California Legislature and signed into law by the Governor to preclude State agencies generally from contracting with "scrutinized" companies that do business in the African nation of Sudan (of which the Darfur region is a part), for the reasons described in Public Contract Code Section 10475. All bidders shall complete the **Darfur Contracting Act Certification form** and submit with bid. The Darfur Contracting Act Certification (ADM-0077) must be downloaded at <http://cefs2.dot.ca.gov/v2Forms/servlet/FormRenderer?frmid=ADM0077>.
- B. If your company has not, within the previous three (3) years, had any business activities or other operations outside of the United States, complete **Option 1** on the **Darfur Contracting Act Certification Form**.
- C. A scrutinized company is a company doing business in Sudan as defined in Public Contract Code Section 10476. Scrutinized companies are ineligible to, and cannot, bid on or submit a proposal for an Agreement with a State agency for goods or services (Pub. Cont. Code Section 10477(a)).
- D. Therefore, Public Contract Code Section 10478(a) requires a company that currently has (or within the previous three (3) years has had) business activities or other operations outside of the United States to certify that it is not a "scrutinized" company when it submits a bid or proposal to a State agency.
- E. A scrutinized company may still, however, submit a bid or proposal for a Contract with a State agency for goods or services if the company first obtains permission from the Department of General Services (DGS) according to the criteria set forth in Public Contract Code Section 10477(b).

17. Contractor Registration Program

- A. No Contractor or Subcontractor may be listed on a bid proposal for a contract with prevailing wages unless registered with the DIR, pursuant to Labor Code Section 1725.5 (with limited exceptions from this requirement for bid purposes only under Labor Code Section 1771.1(a)).
- B. No Contractor or Subcontractor may be awarded a contract with prevailing wages unless registered with DIR pursuant to Labor Code Section 1725.5.
- C. Caltrans will verify each of the registration numbers provided by the bidder prior to Agreement award. Bidders that do not possess the required DIR registration will be deemed non-responsive and rejected from further consideration in the solicitation process.

18. Price Quote Submittal

- A. The price quote must be emailed as described below. The price quote must be received by the Caltrans, Division of Procurement and Contracts (DPAC), by dates and times shown in **Section C, Price Quotation Requirements and Information, Item C1, Time Schedule**.
- B. The price quote email must be clearly marked with the IFPQ number and title must be marked with "PRICE QUOTATION SUBMITTAL", as shown in the following example:

IFPQ Number: 04A6915

PRICE QUOTATION SUBMITTAL-DO NOT OPEN

- C. All quotes shall include the documents identified in the IFPQ; see the **Required Attachment Checklist, Attachment 7**. Quotes not including the proper "required attachments" shall be deemed non-responsive. A non-responsive price quote is one that does not meet the basic quote requirements.
- D. Only an individual who is legally authorized to bind the proposing firm contractually shall sign all documents requiring a signature, and each document must bear a signature.
- E. **Email to:** Adrienne.Taylor@dot.ca.gov
- F. Pursuant to Government Code Section 14838.7, Caltrans must receive at least two (2) price quotes from a certified SB/MB or DVBE before it can make an Agreement award. Therefore, at Caltrans' discretion, if only one price quote is received, the timeframe for receipt of price quotes may be extended in order to receive the minimum number of quotes required by the Government Code. All prospective bidders will be notified via email or telephone of any extensions.
- G. Price quote must include the performance of all the services described herein. Any attempt to modify the Price Quotation document to deviate from the work specifications will not be considered and will cause a price quotation to be rejected.
- H. A price quote may be rejected if it is conditional, incomplete, or if it contains any alterations of form or other irregularities of any kind. Caltrans may reject any price quote on the basis that it is not responsive or from responsible bidder and may waive any immaterial deviation in a quote. Caltrans' waiver of an immaterial defect shall in no way modify the IFPQ document or excuse the bidder from full compliance with all requirements if awarded the Agreement.
- I. Costs for developing price quotations and in anticipation of award of the Agreement are entirely the responsibility of the bidder and shall not be charged to Caltrans.
- J. A bidder may modify a price quote after its submission by first withdrawing the original price quote and then by resubmitting a new price quote prior to the price quote submittal deadline. Bidder modifications offered in any other manner, oral or written, will not be considered.
- K. A bidder may withdraw a price quote by, prior to price quote submission deadline, submitting a written withdrawal request to Caltrans, signed by the bidder or an agent authorized in

accordance with **Section L**, below. A bidder may thereafter submit a new price quote prior to the price quote submittal deadline. Price quotes may not be withdrawn without cause subsequent to price quote submittal deadline.

- L. Only an individual who is authorized to bind the bidding firm contractually shall sign the attached **Bid/Bidder Certification Sheet, Attachment 4**. The signature must also indicate the title or position that the individual holds in the firm. **An unsigned price quote shall be rejected.**
- M. Caltrans may modify the IFPQ prior to the date fixed for submission of price quotations by the issuance of an addendum sent to all parties who received an IFPQ package.
- N. Caltrans reserves the right to reject all price quotations for reasonable cause.
- O. Bidders are cautioned not to rely on Caltrans during its evaluation process to discover and report to the bidder any defects and errors in the submitted documents. Before submitting their documents, bidders should carefully proof them for errors and full adherence to the IFPQ requirements.
- P. Where applicable, bidder should carefully examine work sites and specifications. Bidder shall investigate conditions, character, and quality of surface or subsurface materials or obstacles that might be encountered. No additions or increases to the Agreement amount will be made due to a lack of careful examination of work sites and specifications.
- Q. Caltrans does not accept alternate Agreement language from a bidder. A price quote with such language will be considered a counter proposal and will be rejected. **The State's General Terms and Conditions (GTC 04/2017) are not negotiable.** The **GTC 04/2017** may be viewed at Internet site <https://www.dgs.ca.gov/OLS/Resources/Page-Content/Office-of-Legal-Services-Resources-List-Folder/Standard-Contract-Language>.

19. Evaluation and Selection

- A. When the quotes are opened, each price quote will be checked for the presence or absence of required information in conformance with the submission requirements of this IFPQ.
- B. Caltrans will evaluate each price quote to determine its responsiveness to Caltrans' needs.
- C. Price quotes that contain false or misleading statements, or which provide references, which do not support an attribute or condition claimed by the bidder, shall be rejected.
- D. The Agreement, if awarded, shall be awarded to the responsible bidder who submits the lowest price quote and meets all the specifications. A price quote meets the specifications if it complies with all the requirements in this solicitation. In the event of a tie quote, Caltrans will draw lots to determine the successful bidder. Only one (1) price quote may be submitted by an entity: individual, firm, partnership, corporation, joint venture, or combination thereof. Receipt of more than one (1) price quote from an entity will result in all quotes from that entity being rejected and returned to the bidder.

20. Standard Conditions of Service

- A. After award and execution of the Agreement, should Contractor fail to commence work within five (5) working days after notification of the starting date, or suspend work for a period of five (5) continuous working days after work has begun, Caltrans may provide five (5) calendar days written notice, posted at the job site or mailed to Contractor, to timely prosecute and complete the work or the Agreement may be terminated and liquidated damages of \$500.00 assessed for administrative costs for re-bidding the work or awarding the work to another contractor. In addition, Contractor shall be liable to Caltrans for the difference between Contractor's quote price and the actual cost of performing the work by the second low bidder or by another contractor.

- B. All performance under the Agreement shall be completed on or before the termination date of the Agreement.
- C. Antitrust Provisions
- 1) Contractor offers and agrees and will require all of his other Subcontractors and suppliers to agree to assign to the awarding body all rights, title, and interest in and to all causes of action they may have under Section 4 of the Clayton Act (15 USC Section 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code) arising from purchases of goods, services, or materials pursuant to the public works Agreement or subcontract. The assignment made by Contractor and all additional assignments made by Subcontractors and suppliers shall be deemed to have been made and will become effective at the time the awarding body tenders final payment to Contractor without further acknowledgment or the necessity of tendering to the awarding body any written assignments.
 - 2) If an awarding body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under Government Code Sections 4550-4554, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, on demand, recover from the public body any portion of the recovery, including treble damages, and attributable overcharges that were paid by the assignor but were not paid by the public body as a part of the price quote, less the expenses incurred in obtaining that portion of the recovery. On demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under Government Code Sections 4550-4554 if the assignor has been or may have been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action.
- D. If bidder is awarded Agreement and refuses to sign Agreement presented for signature within time and manner required, bidder will be liable to Caltrans for actual damages resulting to Caltrans therefrom or 10 percent (10%) of the amount quoted, whichever is less.
- E. Loss Leader usage is prohibited in this Solicitation: It is unlawful for any person engaged in business within this State to sell or use any article or product as a "loss leader" as defined in Business and Professions Code Section 17030. "Loss Leader" means any article or product sold at less than cost: a) where the purpose is to induce, promote, or encourage the purchase of other merchandise; or b) where the effect is a tendency or capacity to mislead or deceive purchasers of prospective purchasers; or c) where the effect is to divert trade from or otherwise injure competitors.
- F. No oral understanding or agreement shall be binding on either party.

21. Executive Order N-6-22 – Russia Sanctions

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law unless the contract has been Federalized (i.e. there is federal participation in any phase). By submitting a bid or proposal, Contractor represents that it is not a target of Economic Sanctions. Should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for rejection of the Contractor's bid/proposal any time prior to contract execution, or, if determined after contract execution, shall be grounds for termination by the State.
