Bids to
Owner's Agent

Description

Scope of Services The Goleta Water District is seeking proposals from highly qualified consultants to perform a variety of electrical engineering services on an as-needed basis. These services include but are not limited to evaluating power needs, availability, and quality; preparing design plans and specifications for backup generators sizes and connections, new electrical service and upgrades to existing services, motor control centers, and variable frequency drives; evaluating existing electrical facilities for code compliance and worker safety; documenting changes to electrical systems; performing field inspections; and providing owner’s representative technical review services and construction administration.
