Description

This project is for site development within General Aviation Zone 3 on the eastside of Salt Lake City International Airport (SLCIA) to support future expansion. Work will include demolition of the existing Row 21 T-hangars and the FAA Field Maintenance Program (FMP) building, site preparation, construction of taxilane pavement, rerouting of existing utilities, and installation of new underground utilities to future hangar lease lines.

SLC project number 542406 Contract number CA-002785

Register for Notification of RFP or Bid Document Changes, Corrections & Addenda

It is your responsibility to register to receive any changes, corrections and addenda issued for the RFB (bid) or RFP(proposal) documents you download.

If you plan to download a bid or proposal document and would like to be notified of changes, corrections or addenda to them, you must register by providing your name, company name, company mailing address, telephone, fax numbers, and your email address.

You will be put on the list of recipients for that RFB or RFP and will be notified of any changes, corrections or addenda that occur.

Failure to provide this information and proceed with the download constitutes an automatic waiver of your right to receive a direct notification of any changes, corrections or addenda.

For Americans With Disabilities (ADA) accommodations, contact the individual listed or use our TDD phone at (801) 535-6021. Please allow 48 hour notice.
