Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

-----

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

#### Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example:  
PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

#### Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

#### Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those

classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests

for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material,

etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

Bidder: \_\_\_\_\_

Gentlepersons:

Pursuant to the attached Notice Inviting Bids, the undersigned Bidder hereby declares that it has carefully examined the location of the proposed Work, and has examined the Contract Documents, including all drawings, specifications, and all addenda, if any, for the following Work:

### **SOUTH-END RECYCLED WATER MAIN EXTENSION (PHASE 2C) PROJECT**

We hereby propose and agree, on award by the AGENCY under this Bid, and in accordance with the provisions therein stated, to execute the Contract Documents, provide specification-required bonds and insurance documents, to furnish all labor, materials, equipment, tools, transportation, and services, and to discharge all duties and obligations necessary and required to perform and complete the Work in strict accordance with the Contract Documents and within the time hereafter set forth, at the prices set in the electronically submitted Bid Schedule.

Refer to Specification Section 01270 Measurement and Payment for description of Bid Items. Bidder shall not enter "N/A" on any bid item. Also, Bidder shall not modify or cross out any of the bid item descriptions and/or quantities. Please enter a dollar amount for each bid item.

The undersigned agrees that the electronic bid accompanied by this Bid Form constitutes a firm offer to the AGENCY which cannot be withdrawn for the number of calendar days indicated in the Notice Inviting Bids from and after the bid opening, or until a Contract for the Work is fully executed by the AGENCY and a third party, whichever is earlier.

The undersigned acknowledges understanding and full consideration of the electronically issued addenda to the Contract Documents.

The undersigned has carefully examined the location of the proposed Work and has read and examined the Contract Documents, including all plans, specifications, and all addenda, if any, for the proposed Work. The undersigned has checked the above amount and understands that the AGENCY will not be responsible for any errors or omissions on the part of the undersigned in making this Bid.

It is agreed that this Bid may not be withdrawn under any circumstances whatsoever within a period of ninety (90) days after the date set for the opening thereof.

The undersigned understands that the AGENCY reserves the right to reject any or all bids and to waive any informality in bids received that in the judgment of the AGENCY is to the best interest of the AGENCY. The AGENCY will determine the lowest responsive, responsible Bidder as defined in the Instruction to Bidders.

Bidder has submitted a Bid bond or check (certified or cashiers) for not less than ten percent (10%) of the total Base Bid amount of this Bid, and the undersigned agrees that, in case of his/her default in timely executing the contract or timely providing the specification-required bonds and insurance documents after award and due notice thereof, the said check or bond and the money payable thereon shall become and remain the property of the AGENCY as liquidated damages, without proof of actual loss. It is agreed that the AGENCY's actual damages would be impracticable and extremely difficult to determine and said liquidated damages amount is reasonable. If the Bid Bond is submitted electronically with digital signatures in accordance with the Instruction to Bidders, the undersigned and surety agree that the Bid Bond is authorized and enforceable despite being submitted and signed electronically and both waive any challenge to the form and/or validity of the Bid Bond.

In accordance with the specifications, the undersigned further agrees to so plan the Work and to prosecute it with such diligence that said Work shall be commenced within fifteen (15) days after the date established by the AGENCY in its Notice to Proceed. The CONTRACTOR shall diligently prosecute all portions of the Work to completion, tested and ready for service, by the dates defined in the Special Conditions.

The undersigned is aware of and understands the liquidated damages provisions of the agreement as specified in the General Conditions and in the Special Conditions. The undersigned certifies that the amount of reverse liquidated damages represents a fair and reasonable estimate of the amount of daily damages that the undersigned would incur as a result of an unreasonable delay.

The undersigned agrees, if awarded the Contract, that payment shall be made by the undersigned and by all subcontractors under him/her to all laborers, workers, and mechanics employed in the execution of such Contract, or any subcontract thereunder, not less than the general prevailing rate of per diem wages and rates for overtime and legal holidays in the locality in which the Work is to be performed, as ascertained and determined, pursuant to the State statute thereto applicable.

The estimated quantities for unit items are for bidding purposes only and the AGENCY makes no representation that the actual quantities of work performed will not vary from estimate.

Each of the bid items must be filled in and completed. The amount is for the work completed and includes any and all sales taxes and levies which may be applicable.

Note: The Bids will be evaluated, and the Contract will be awarded to the lowest responsive, responsible bidder based on the Base Bid Price.

In case of discrepancy between the unit price and the item cost set for a unit price item, the item cost, calculated at the unit price multiplied by the estimated quantity, shall prevail and shall be utilized as the basis for determining the lowest, responsive, and responsible bidder. However, if the amount set forth as a unit price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or is the same amount as the entry in the "Item Price" column, then the amount set forth in the "Item Price" columns for the item shall prevail and shall be divided by the estimated quantity for the item and the price thus obtained shall be the unit price. If any of the above discrepancies exist, the AGENCY may recalculate the bid price on basis of the unit price and the bidder agrees to be bound by such recalculation. Final payment for the unit price items shall be determined by the AGENCY from measured quantities of work performed.
