

REQUEST FOR PROPOSALS

RFP26-001 REAL ESTATE LISTING AGREEMENT

RIVERGATE PALM DISTRICT PROPERTIES

INTRODUCTION

PURPOSE

The primary mission of the New Port Richey Community Redevelopment Agency (CRA) is to support an environment that empowers the growth of new businesses and retention of existing businesses, increases property values, and enhances the quality-of-life opportunities for New Port Richey residents and visitors, alike, to the city.

SITE BACKGROUND, LOCATION

The City of New Port Richey (NPR) is 4.6 square miles located on the west coast of central Florida. Situated in the western edge of Pasco County, the city is part of the Tampa Bay area. It is ideally situated along the Gulf of Mexico with an attractive climate. The city was incorporated in 1924 and has grown to nearly 17,000 residents.

The CRA District consists of a traditional downtown business district and surrounding residential neighborhoods. The CRA District boundaries are nearly coterminous with City limits. Downtown is a historic part of NPR that includes retail, restaurants, service businesses and governmental functions. The CRA District also includes a regional hospital with supporting medical services, lakefront property on Orange Lake, waterfront parks, and extensive frontage on the Cotee River with direct access to the Gulf. Older residential neighborhoods surround the commercial district.

NPR has a series of zero lot line developments of various commercial businesses and offices from US Highway 19 east through the heart of the City. Current businesses include multiple restaurants, taverns, local shoppes and offices. Special events are often in the nearby Sims Park and adjacent Orange Lake that create a lively atmosphere.

SCOPE OF SERVICES

The Rivergate-Palm District is east of U.S. 19, west of the Main Street Bridge, and is framed by Bridge Road (north) and River Road (east). The Rivergate-Palm District (District) offers high-value development potential with views of the Cotee River, high profile visibility, and access to U.S. 19. The CRA is in possession of significant parcels of interest throughout the District that are prime for redevelopment, along with a parcel currently being negotiated. Combined, the parcels have direct access to three roads.

In that regard, the CRA is seeking to retain a professional real estate brokerage team to market for purchase approximately 5.73 acres of CRA-owned, and in negotiation, property (the Property). The objective would be to find a highly qualified, creative, and motivated developer to purchase and implement a desired and approved project (Project). The City of New Port Richey (City) has secured grant funding totaling \$800,000 towards construction of an inundation pond that could be contributed to the Project.

Specifically, the City is looking to add to recent investments in the District including Keiser University, Comfort Inn & Suites, and a public parking garage, with additional mixed-use residential, retail and commercial buildings that will support more activities and uses, and attract additional residents and visitors. As part of a planned redevelopment project, the city envisions a 5-story residential community but remains open to variations on this concept.

The CRA of the City of New Port Richey invites applicants to submit qualifications and proposals for this Project.

Purpose of the Request for Proposal (RFP)

The Rivergate-Palm District is the gateway into New Port Richey, drawing people into our historic downtown area as well as into the businesses on the West side of the Pithachascotee (“Cotee”) River. New investments, including Keiser University, Comfort Inn and Suites, and a 354-space, public parking garage, along with mixed-use residential, retail and commercial buildings support

a diversity of activities within the Rivergate-Palm District. Similar to the resurgence happening in the Downtown District, the City's expectation with this redevelopment opportunity is to enhance and improve the Rivergate-Palm District as we continue to improve the areas surrounding downtown and the U.S. Highway 19 corridor within the city limits of New Port Richey.

New Port Richey is near rivers, the Gulf of Mexico, world class fishing, and an unparalleled quality of life with a casual lifestyle, sense of community and forward-thinking leadership.

This redevelopment in the Rivergate-Palm District provides an unrivaled opportunity to improve the community's quality of life and further spark economic development.

Goals of this Project

The Project should reflect the City's vision for significant upgrades and potential expansion through thoughtful design, modernizing amenities and repositioning the City of New Port Richey as a world class destination and favored place to live. The primary goal of this project is to become an economic development driver and raise awareness of the region as a prime destination to live, work, learn, and play. The Project will drive hotel occupancy and visitation to the region's businesses and attractions and ultimately help fill vacant buildings with vibrant businesses. The long-term success of our community depends on well-thought-out, projects that enhance and improve resident and visitor experiences. The City will continue to attract viable developers and businesses by soliciting proposals for development and strategic land planning.

- Execute and unlock the development potential with an implementation of strategies, related to planning, marketing, and development of the proposed area
- Maximize project scope and improvements to the property within a project budget and schedule
- Minimize project delivery time and ensure obligations and completion dates are met
- Sharing the New Port Richey narrative today
- Recognize the progressive and solid decisions that have helped the community thrive
- Inspire a positive impact on consumers' image of and appeal as a destination to live, work, start a business, expand a business, attend college, and retire
- It is the intent and purpose of the CRA, that this Request for Proposal promote open competition. Time of delivery is a part of the solicitation and element of the contract that is to be awarded

Palm District | Rivergate

Vision: The Palm and Rivergate Districts are complementary to but distinct from the Historic Downtown, providing a vibrant gateway and transition to downtown. Long-term, the area is characterized by higher densities and taller buildings oriented to the streets. Urban design practices promote walkable districts while supporting a mix of uses and amenities that also respond to challenges associated with sea-level rise.
