WITNESSETH:

WHEREAS, PRT desires to engage Contractors to provide benefits consulting services with respect to (all as more fully described in this Agreement and the Scope of Services, Attachment A hereto, the "Contract Services"), _____ (and collectively with the Contract Services, the "Project"); and

WHEREAS, to obtain qualified contractors, PRT required submission of proposals to provide the Contract Services as described in its "Requests for Proposals for a Benefits Consulting Services," RFP No. 25-02 dated _____, 2026 (the "RFP"), as amended; and

WHEREAS, in response to the RFP, Contractor submitted, a proposal (the "Contractor's Proposal") and, in reliance thereon, PRT has selected Contractor to provide the Contract Services; and

WHEREAS, PRT and Contractor desire to set forth their mutual understanding and agreement concerning, among other things, the scope of the Contract Services, the schedule of Contractor's delivery of the Contract Services, and the basis upon which Contractor will be compensated for the Contract Services.

NOW, THEREFORE, the Parties hereto, intending to be legally bound hereby, do mutually covenant and agree as follows:

1. Interpretation of Documents/Incorporation of Recitals.

1.1 Recitals. The recitals and references aforesaid are incorporated herein and made a part hereof.

1.2 References. In this Agreement, except where expressly stated to the contrary:

(a) the RFP, Contractor's Proposal, clarifications submitted by Contractor, and Attachments to this Agreement are, by this reference, incorporated into and made a part of this Agreement and all references to and mentions of this Agreement shall include the RFP, Contractor's Proposal, and Attachments to this Agreement as so incorporated into this Agreement;

(b) references to and mentions of PRT and Contractor include their respective legal successors and persons and entities to whom, by operation of law, the rights and duties of PRT and Contractor, respectively, have passed;

(c) references to any federal, state or local law, regulation or statute shall include, as of any particular point in time, that law, regulation or statute in changed, amended or supplemented form or to a newly adopted law, regulation or statute replacing a previous law or statute;

(d) references to and mentions of the words “include,” “including” or the phrase “e.g.” in this Agreement shall mean “including, without limitation”; and

(e) The PRT and the Contractor are individually referred to as a “Party” and collectively referred to as the “Parties”.

1.3 Interpretation of Documents. In the event of a conflict between the terms of the RFP and Contractor’s Proposal, the terms of the RFP shall prevail. In the event of a conflict between the terms of the RFP or the Contractor’s Proposal, on the one hand, and any other portion of this Agreement, on the other hand, the terms of this Agreement shall prevail.

2. Engagement of Contractor.

2.1 Engagement. PRT hereby engages Contractor to perform, and Contractor hereby agrees to perform, the Contract Services as set forth in the Agreement, including the Scope of Services, attached hereto and made a part hereof as Attachment A. Within ten (10) days after this Agreement has been awarded by PRT, Contractor shall deliver to PRT a properly executed Agreement, in duplicate.

2.2 Authorization to Provide Contract Services. This Agreement by itself does not authorize the performance of Contract Services by Contractor, or obligate PRT to reimburse Contractor for any Contract Service performed. PRT will compensate Contractor for the Contract Services in the manner set forth in the applicable Work Order and any attachments thereto. Each Work Order shall contain a not-to-exceed amount for direct and indirect costs plus a Minimum Fee and a Maximum Fee (as such terms are defined in Section 6.7) for Contract Services covered by the Work Order, and shall both authorize the Contractor to proceed with the Contract Services set forth in the Work Order and obligate PRT to reimburse Contractor in the manner set forth therein in accordance with Section 6 of this Agreement for such Contract Services actually performed. PRT reserves full discretion relative to the issuance of subsequent Work Orders to be performed by Contractor. Contractor acknowledges and agrees that this Agreement or any Work Order issued hereunder does not grant, and shall not be construed to grant, to Contractor the sole and exclusive right to provide the Contract Services. Contractor further acknowledges that PRT, in its sole discretion, may enter into one or more agreements with other contractors to perform the Contract Services.

3. Term.

3.1 Term. Except for any earlier termination of this Agreement pursuant to Section 10 hereof, the term of this Agreement (the “Term”) shall commence on the date that PRT provides a written Notice-to-Proceed (the “NTP”) to Contractor, the date of which NTP is the Effective Date of this Agreement (the “Effective Date”) and continue for a period of three (3) years from the Effective Date (the “Termination Date”). PRT, in its sole discretion, may extend the term of this Agreement by one or more written amendments hereto for up to two (2) additional one year(s) extension options.

3.2 Requirement for Timely Performance. Time is of the essence in the performance of the Agreement. The time requirements for the Contract Services will be as set forth in Attachment A (as the same Attachment A shall then exist) to this Agreement and Contractor shall comply with all such time requirements. Unless otherwise expressly stated, any reference to “days” in this Agreement shall mean calendar days.

3.3 Force Majeure. Contractor shall only be granted an adjustment in the time requirements for completion of the Contract Services due to unforeseen causes beyond the control and without the fault or negligence of Contractor such as those caused by act of God or of a public enemy, fire, floods, epidemics, quarantine restrictions, strikes and other work stoppage caused by a labor dispute, shortage of materials and freight embargoes, provided that Contractor has taken reasonable precautions to prevent delays due to such causes. An adjustment in the time requirements for completion of the Contract Services shall not be granted for a delay caused by a shortage of materials, except PRT-furnished materials, unless Contractor furnishes to PRT documentary proof that the Contractor has diligently made every effort to obtain such materials from all known and reasonable sources. Only the physical shortage of material shall be considered under this provision as a cause for an adjustment in the time requirements for completion of the Contract Services. No consideration shall be given to any claim that material could not be obtained at a reasonable, practical or economic cost. In the event of any delay beyond the control of PRT or any delay set forth above with respect to Contractor, the schedule and time of performance of this Agreement may be appropriately adjusted as agreed to in writing by the parties with such appropriate adjustment being made to the Contract Services. Without limiting the generality of the foregoing, any delay due to a work stoppage by employees of PRT shall constitute delay beyond the reasonable control of PRT.

3.4 Access to Property. PRT shall provide access, during normal business hours and as jointly agreed, to its property reasonably necessary to the performance of the Contract Services.

4. Contractor’s Performance. The Contractor agrees as follows:

4.1 Capability. Contractor warrants that it has the experience and capability, including sufficient and competent supervisors and other personnel, to properly, efficiently and expeditiously accomplish the Contract Services as required by this Agreement and applicable federal, state and local laws. Contractor further warrants that it will continuously furnish said personnel to so accomplish the Contract Services.

4.2 Nature of the Contract Services. Contractor acknowledges that it has satisfied itself as to the nature of the Contract Services, the general character, magnitude and quality of the services required during and for satisfactory completion of the Contract Services, the general and local conditions and all other matters which could affect the Contract Services, based on information reasonably available to Contractor prior to the date of this Agreement. Contractor shall assume responsibility for all management, coordination and all other tasks and activities as specified in the Agreement and required to perform the Contract Services.

4.3 Guidelines. Contractor shall comply with and follow all PRT policies, guidelines and procedures with respect to its performance of the Contract Services, to the extent that such policies, guidelines and procedures are provided to Contractor.

4.4 Efforts. In addition to, and in light of, each of the foregoing, Contractor shall utilize its best efforts in performing the Contract Services.

4.5 Reserved

5. Personnel.

5.1 Contractor's Obligation to Secure. Contractor shall provide, at its own expense, all personnel and materials required for its performance of the Contract Services, in accordance with the terms of this Agreement. Such personnel shall not be employees of PRT, the County of Allegheny, the Southwestern Pennsylvania Commission, the Commonwealth of Pennsylvania, or the Federal Transit Administration of the United States Department of Transportation (the "FTA"). Employment fees, if any, shall not be considered as a reimbursable cost hereunder, except to the extent allowable pursuant to Federal Acquisition Regulations (48 C.F.R., Part 31). All employees of Contractor or any of its subcontractors or suppliers, all Key Personnel (as such term is defined in Section 5.3 below), whether performing their functions at Contractor's place of business, PRT's place of business or elsewhere, shall, at all times, be and remain employees of Contractor or the appropriate subcontractor or supplier and shall not be employees of PRT. Contractor shall pay or cause its subcontractors and suppliers to pay all wages, salaries and other amounts due to their respective employees who perform on Contractor's behalf under this Agreement and Contractor or its subcontractors or suppliers shall be responsible for all reports, payments and other obligations respecting such employees, those obligations relating to social security, income tax withholding, unemployment compensation and worker's compensation. Contractor, at its sole cost and expense, shall defend PRT, and its permitted assignees under this Agreement against or settle all claims and proceedings based upon any breach by Contractor of its obligations under this Section 5.1 or based upon any claim by any employee of Contractor or any of its subcontractors or suppliers that is inconsistent with the provisions of this Section 5.1 and shall indemnify and hold harmless PRT against and from any losses, costs or expenses associated therewith.

5.2 Contractor's Obligation to Supervise. All of the Contract Services required hereunder will be performed by Contractor or under its supervision, and all personnel engaged in the performance of the Contract Services shall be Contractor's or its approved subcontractors' employees, and Contractor shall be solely responsible for assuring that all such personnel are fully qualified to perform the Contract Services and are adequately supervised during such performance.

5.3 Key Personnel. PRT and Contractor shall each designate an individual within their organization as the primary contact and liaison with the other Party for all matters arising under this Agreement (each individually being a "Project Manager" and collectively the "Project Managers"). Contractor's Project Manager and each of the other key personnel identified on Attachment C (collectively, the "Key Personnel") shall be assigned to and shall perform the Contract Services, unless his or her employment with Contractor is terminated or unless he or she is removed pursuant to PRT's written request as provided for under this Agreement. Contractor shall notify PRT in writing of the termination of any of Key Personnel within seven days after the occurrence of such action.

5.4 Additions to Key Personnel. If additions to Key Personnel become necessary, for whatever reason, Contractor shall designate, by written notice to PRT, those individuals whom Contractor proposes as additional Key Personnel. PRT shall have the right to approve additional Key Personnel, which approval shall not be unreasonably withheld. From time to time PRT may request, and upon such request Contractor shall provide to PRT, resumes, references or other information relating to any Key Personnel, subject always to the extent permitted by the underlying contracts of employment with the respective Key Personnel.

5.5 Removal of Personnel. Contractor shall remove from the performance of the Contract Services any of its personnel and its subcontractors theretofore assigned to the performance of the Contract Services within five days of a written request from PRT that Contractor do so. The PRT shall have the right to request removal of any person employed in connection with this Agreement by Contractor or its subcontractors, who is (a) disruptive, (b) abusive or (c) clearly lacking in the required skills or expertise.

5.6 Dedication of Key Personnel. Key Personnel shall be dedicated to the fulfillment of Contractor's obligations under this Agreement. The Key Personnel shall be assigned to and participate in the performance of the Contract Services until the completion of the assigned Contract Services, or such earlier time as PRT acknowledges, in writing, that the work of certain Key Personnel has been completed and are thus no longer required to participate in the performance of the Contract Services. The Key Personnel shall not be removed from participation in the performance of the Contract Services except in case of death, illness, discharge or resignation, or similar circumstances beyond the Contractor's reasonable control. If any of the Key Personnel become unavailable to participate in the performance of their assigned portion(s) of the Contract Services due to such circumstances beyond the Contractor's control, then the Contractor shall promptly appoint an appropriately qualified replacement subject to PRT's approval, which shall not be unreasonably withheld. PRT shall be entitled to complete information on each such replacement, including a current resume of his or her qualifications and experience. If the Contractor informs PRT that it wishes to relocate any of the identified Key Personnel and remove him or her from their assigned portion(s) of the Contract Services, for its own or the Key Personnel's reasons not having to do with death, illness, discharge or similar circumstances, PRT may, at its sole discretion, permit substitution of another qualified person, but only upon the Contractor's agreement that: (1) the current Key Personnel will remain working on their assigned portion(s) of the Contract Services for at least a 30 day transition period with the replacement and or such other term as deemed necessary by PRT, in writing, to ensure adequate transition, (2) PRT will not be charged for the time of the replacement during the transition period. Contractor will not be required to retain Key Personnel on the Project if that portion of the Contract Services, in whole or in part, is suspended for a period in excess of 90 calendar days.

6. Compensation.

6.1 Compensation of Contractor. For the timely and full performance of all of the Contract Services and for the deliverables provided for herein, or in any Work Order issued hereunder. Contractor shall be compensated in accordance with the provisions of this Section 6 and as set forth in Attachment B(1) and Attachment B(2). As described in Section 2.2 of this Agreement, PRT may enter into one or more agreements (each an "Additional Agreement") with other contractors to perform the Contract Services. The total of all not to exceed amounts for all Work Orders issued under this Agreement and all Additional Agreements shall not exceed _____ and 00/100 Dollars (\$_____.00), herein called the Maximum Price and Contractor shall not be entitled to any further compensation other than the Maximum Price. The Maximum Price shall include all applicable federal, state, local, and other taxes and Contractor shall be solely responsible for payment thereof.

6.2 Allocation.

PRT will compensate Contractor for the performance of the Contract Services based on the scheduled costs attributable to those portions of the Contract Services specified in Attachment A, Scope of Services.

6.3 Eligibility of Costs. The eligibility of all costs shall be governed by the provisions of 48 C.F.R., Part 31, in effect at the time such expense was incurred, except as otherwise expressly provided in this Agreement. In the event expenditures reimbursed to Contractor under this Agreement as part of the Maximum Price are subsequently properly disallowed by PRT due to accounting errors or charges not in conformity with this Agreement, Contractor agrees to immediately refund such amounts to PRT or permit PRT to offset the same against any amount(s) then currently due to Contractor for the Contract Services.

6.4 Submission of Invoices. Contractor shall submit invoices to the PRT in accordance with this Agreement, specifically in accordance with Sections 6.2 and 6.3 above, and Attachment B, with a copy to PRT. Each such invoice shall be prepared in a form satisfactory to PRT and shall reflect the correlation between that invoice and the work performed by Contractor relating thereto. Each such invoice that includes costs to be paid on a direct cost basis shall be supported by a certified statement of costs incurred by Contractor in the performance of the applicable Contract Services, which certified statement shall contain, at a minimum, the names, hours of work, and rate of individuals working on the Contract Services and copies of invoices for all direct expenses. All invoices shall be prepared from the books of account kept by Contractor, and Contractor shall make available, at reasonable times when requested by PRT, copies of payroll distribution and individual labor time sheets, receipted bills, and other documents reasonably required by PRT.

6.5 Payment Obligations of PRT and Contractor.

PRT shall, within 60 days after its receipt of an approvable invoice and related Progress Reports pursuant to Section 7 hereof, process payment to Contractor. Contractor shall, in accordance with 49 C.F.R. §26.29, pay its subcontractors for satisfactory performance of their contracts no later than 30 days from receipt of each payment it receives from PRT for any invoice that includes work performed by such subcontractors. Contractor shall also pay its subcontractors all retainage, in any form, if such retainage has been withheld from the subcontractor by Contractor, within 30 days after the subcontractor's work is satisfactorily completed, regardless of whether such retainage is still being withheld by PRT from Contractor. Contractor's failure to comply with these requirements shall constitute a material breach of this Agreement. Any delay or postponement of payment of Contractor to its subcontractors may take place only for just cause and with written prior approval of PRT.

6.7 Reserved

6.8 Complete Payment. It is further understood and agreed that, except for modifications to this Agreement made in accordance with the terms of this Agreement pursuant to Section 12, payment of the Maximum Price under this Section 6 shall constitute complete payment for the Contract Services performed and deliverables provided under this Agreement.

6.9 Taxes. Contractor shall be solely responsible for the payment of all applicable federal, state, local and other taxes, fees and duties.

6.10 Compensation Schedule. Contractor shall maintain on file with PRT its current compensation schedule, covering wage rates and salaries for personnel classifications eligible for reimbursement as

direct costs for performance of the Contract Services. Such compensation schedule shall conform to general prevailing rates and shall be reviewed at least annually for necessary adjustment.

In the event that a change in Contract's Project Manager or any other Key Personnel occurs, compensation to Contractor shall be at the actual rate for the replacement individual or the previously identified rate for the replacement individual, whichever is less, unless otherwise approved by PRT.

7. Progress Reports.

If and as required by PRT, Contractor shall submit to PRT written monthly progress reports ("Progress Reports") in a form acceptable to PRT on or before the fifteenth (15th) day of each calendar month and pertaining to the prior one month period. Progress Reports shall include the following items, as directed by PRT: (1) the activities started during the report period, progress made on on-going (in-progress) activities and activities to be started in the next report period; (2) the activities completed during the report period and those to be completed in the next report period; (3) financial status with actual vs. budget for both costs and manpower, along with forecasts to completion; (4) project schedule summary with detailed explanations for any deviations and slippages and, if applicable, plans for schedule recovery; (5) identification of any major problems that may impact the completion or schedule of the Contract Services or the Project; (6) pending action items requested by Contractor; (7) subcontractor status reports; (8) log of correspondence for the report period; and (9) Disadvantaged Business Enterprise (DBE) / Diverse Business ("DB") utilization status reports, including a detailed explanation and recovery plan if DBE/DB goals are not being met. Unless and except to the extent Contractor expressly indicates in any such report any alleged deficiencies in PRT's performance under this Agreement, PRT shall be deemed to be fully in compliance with its obligations under this Agreement through the period pertaining to such report.

8. Contract Work Hours and Safety Standards.

Contractor shall comply with 29 C.F.R. §5.5(b) relating to contract work hours and safety standards to the extent applicable. The Contractor and its subcontractors shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of four years from the completion of this Agreement for all laborers and mechanics, including guards and watchmen, working on the Agreement. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made and actual wages paid. The records to be maintained shall be made available by the Contractor or its subcontractors for inspection, copying or transcription by authorized representatives of the Department of Labor, the Commonwealth of Pennsylvania and/or PRT, and the Contractor, or its subcontractors, will permit such representatives to interview employees during working hours on the job.

10.8 Approval.

Contractor shall not commence work under this Agreement until it has forwarded to PRT, for review and approval, certificate(s) of the insurance required. PRT shall be given a minimum of 30 days' notice in the event of change or cancellation of any of the insurance required. The fact that Contractor has obtained the insurance required in this Agreement shall in no manner lessen nor affect Contractor's other obligations set forth in any provision of this Agreement.

The policies of insurance referenced above are not to contain any deductible or self-insured retention, as applicable to PRT as an additional insured. In the event the insurance policies purchased by Contractor pursuant to the above insurance requirements contain any deductible or self-insured retention provisions, Contractor shall provide PRT with disclosure of said deductible or self-insurance retention prior to execution of the Agreement, which will be subject to PRT approval. If PRT approves any insurance policy that includes a deductible or self-insured retention, Contractor shall be responsible for payment of any and all deductibles or self-insured retentions, whether owing from the named insured or PRT as an additional insured, applicable to the policies of insurance referenced above. Contractor's indemnification obligations and liability are not limited to the limits of insurance required.

10.10 Indemnification.

Contractor agrees, on behalf of itself and its officers, directors, employees, agents, subcontractors, suppliers, insurers, successors and assigns, that it shall, at its sole cost and expense, defend any and all suits, actions, causes of action and/or claims brought or raised against PRT and/or the other agencies and entities as identified in the Agreement, and their respective officers, members, employees, agents, consultants, insurers, successors and assigns, for or on account of any injuries, including death, damages, punitive damages, loss of property, costs, and/or expenses, including, but not limited to, reasonable attorneys' fees, caused or alleged to have been caused, in whole or in part, by, through, or in connection with, the performance of the Contract Services or the Agreement, whether due to the use of defective materials or defective workmanship, on account of any act, omission, or negligence of Contractor and/or its employees, agents, subcontractors or suppliers or any breach of any representation, warranty, covenant or obligation of Contractor or any of its employees, agents, subcontractors or suppliers and it shall fully and finally release, indemnify and hold harmless PRT and the other agencies and entities as identified in the Agreement, and their respective officers, members, employees, agents, consultants, insurers, successors and assigns, from and against any and all actions, claims, losses, injuries, including death, damages, punitive damages, loss of property, costs, and expenses, including, but not limited to attorneys' fees, caused by, or in any manner arising from, in whole or in part, any act, omission or negligence of Contractor, and/or its employees, agents, consultants, subcontractors or suppliers, in the performance of the Contract Services and/or the Agreement or any breach of any representation, warranty, covenant or obligation of Contractor, any of its subcontractors or suppliers or any of their respective employees, agents or other representatives; and shall pay, liquidate and discharge any and all claims, losses and demands for injuries to persons, including death, and damage to property caused by, or in any manner arising from, in whole or in part, the performance of the Contract Services or the Agreement. The above provisions shall further apply to any injury, including death, suit, action, cause of action, claim, loss, demand or damage brought by, or on behalf of, any employee of Contractor, or its subcontractors or suppliers, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, or responsible, against PRT and/or the other agencies and entities as identified in the Agreement, and/or their respective officers, members, employees, agents, consultants, insurers, successors and assigns; Contractor expressly waives for itself and its subcontractors, suppliers and insurers any and all protections afforded under the Pennsylvania and any other applicable workers' compensation act, but only as is necessary to fully comply with their responsibilities and obligations under these provisions; and the obligations hereunder shall not be limited, in any way, by any limitation on the account or type of damages, compensation or benefits payable by or for Contractor or its subcontractors or suppliers under any applicable workers' compensation act, disability benefits act, any other employee benefits acts or any insurance.

B. Defense against claims for infringement.

Contractor, at its sole cost and expense, shall indemnify, save harmless, and defend PRT and its permitted assignees hereunder against, or settle, all claims and proceedings based upon actual or alleged infringement of any patent, copyright or other intellectual property right by all or any portion of the Contract Services, the Contractor Software or wrongful use of any trade secret or confidential information involving all or any portion thereof (hereinafter referred to as an "IPR Claim"), and Contractor shall hold PRT and such assignees harmless from any resulting losses, liabilities, damages, costs and/or expenses, including reasonable attorneys' fees, provided that PRT notifies Contractor of such claims and proceedings with reasonable promptness and Contractor is given an opportunity, at Contractor's sole cost and expense, to defend or settle such claims and proceedings.

In defending against IPR Claims, the Parties shall reasonably cooperate to defend any action.

PRT shall give the Contractor reasonable assistance in this regard and shall make no admissions without the Contractor's prior written consent. If an infringement covered by the indemnity provided for herein is established by a court in a final decision from which no appeal is or can be taken, or if PRT is temporarily or permanently enjoined from using all or any portion of the Contract Services, the Contractor Software, then Contractor, at its option and expense and within 30 days after such final decision or injunction, shall either:

- (a) modify the infringing software or other portion of the Contract Services, the Contractor Software so as to make the applicable Contract Services, the Contractor Software noninfringing while maintaining, in PRT's sole opinion, the equivalent or better functionality and performance; or
- (b) obtain, on PRT's behalf, a fully paid perpetual license permitting PRT and its permitted assignees hereunder to continue to use the infringing software in accordance with the terms of this Agreement and any licenses and sublicenses granted hereunder.]

10.11 Limitation of Liability.

The Contractor shall not be liable for any error of judgement or mistake or any loss suffered by PRT in connection with the performance of this Agreement, except for any error of judgement or mistake of law or loss resulting from misfeasance, bad faith or negligence on the part of the Contractor in the performance of its duties under this Agreement.

11. Termination or Suspension.

11.1 Suspension by PRT. Upon written notice to Contractor, PRT may temporarily suspend, in whole or in part, this Agreement and performance hereunder for any one or more periods, not to exceed 120 days each, during which period or periods this Agreement shall remain in effect. After receipt of notice of suspension, Contractor shall take reasonable steps to minimize incurring further costs or expenses. PRT will be obligated to pay Contractor the compensation it has earned under Section 6 up to the date of suspension and to pay any reasonable costs and expenses submitted by Contractor and approved by PRT, that may be required to permit Contractor to maintain any services in standby condition so that such Contract Services hereunder may be resumed if conditions so warrant, in the sole discretion of PRT. In the event the suspension of such Contract Services exceeds 120 days and directly results in changed conditions or circumstances affecting the performance of Contract Services to be provided hereunder, the Parties hereto agree to negotiate in good faith an equitable adjustment of the affected provisions of this Agreement. Any increase or decrease in the Maximum Price shall not include any additional profit and shall be limited to Contractor's actual increase or decrease in the costs of performance of any part of the Contract Services, which increase or decrease arises solely from the suspension of this Agreement.

11.2 Termination for Convenience. PRT may terminate this Agreement, in whole or in part, for its convenience or best interests at any time by giving at least 30 days' written notice to Contractor of such termination and specifying the effective date thereof.

11.3 Payment Upon Termination for Convenience. If this Agreement is terminated for the convenience of PRT, as provided in Section 11.2, Contractor shall be paid in accordance with Section 6 for its allowable costs incurred through the effective date of termination, less payments of compensation previously made. Contractor shall also be paid that portion earned to the date of termination. Further, Contractor shall be reimbursed for the actual eligible and reasonable costs, not otherwise reimbursed by PRT under this Agreement, incurred by Contractor solely to implement the termination.

11.4 Termination for Default. PRT may terminate this Agreement, in whole or in part, if (i) Contractor fails to fulfill or properly or timely perform its obligations under this Agreement, (ii) Contractor files a voluntary petition in bankruptcy, (iii) an involuntary petition in bankruptcy is filed against Contractor which is not dismissed within 30 days of the filing thereof, (iv) Contractor becomes insolvent or makes a transfer in fraud of creditors, or (v) a receiver is appointed for substantially all of Contractor's assets. PRT shall terminate by delivering to Contractor a notice of termination specifying the nature, extent, and effective date of the termination (hereinafter referred to as a "Termination Notice"). In the event PRT terminates this Agreement as result of a default by Contractor and it is subsequently determined that Contractor was not in default, this Agreement shall be deemed treated as though terminated for PRT's convenience.

Contractor shall be liable for any damages incurred by PRT arising from, or relating to, Contractor's default. Furthermore, the rights and remedies of PRT provided in this Section are in addition to any other rights and remedies provided by law or under the Agreement.

11.5 Contractor's Obligations Upon Termination. Upon Contractor's receipt of notice that PRT is terminating for convenience pursuant to Section 10.2 or a Termination Notice pursuant to Section 10.4, Contractor shall immediately (1) discontinue those Contract Services affected (unless the notice directs otherwise), and (2) deliver to PRT all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated or prepared in performing the affected Contract Services, whether completed or in process. In the event of termination for any reason, all finished or unfinished documents and other materials, prepared or being prepared for the purposes of this Agreement, shall immediately become the property of PRT. Any pre-existing intellectual property shall be delivered to, and held by PRT, in accordance with the applicable license terms set forth in this Agreement and any attachments or exhibits hereto.

11.6 No Waiver of Remedies for any Breach. In the event that PRT elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Agreement, such waiver by PRT shall not limit PRT's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Agreement.

12. Changes to the Contract Services or the Scope of Services.

12.1 Changes.

(a) PRT may, from time to time and in writing to Contractor, request changes in the Contract Services to be performed hereunder (hereinafter referred to as "Changes"). Upon any such request by PRT, Contractor shall have a period of five business days (or such longer period as PRT and Contractor may mutually agree is appropriate under the circumstances) in which to notify PRT that such Changes are not possible or could not be performed within the requested time, together with a reasonably detailed explanation of Contractor's assessment. In its judgment, Contractor shall act reasonably and shall apply its technical expertise. If Contractor does not timely deliver such notice to PRT, the applicable Changes requested by PRT shall be deemed to be possible.

(b) Contractor may also propose Changes to the PRT at any time during the term of the Agreement, which shall be subject to PRT's written approval.

12.2 Compensation Adjustments. If the requested Changes are deemed to be possible by the Contractor, the Contractor shall determine whether incorporation of the requested Changes into this Agreement will require any increase or decrease in the Maximum Price or the period of performance of this Agreement. If any such increase or decrease is required, the Parties in good faith will attempt to agree upon the amount of those increases or decreases. If the Parties agree on the amount of any such increase or decrease, or if such amount is determined pursuant to the procedures provided for under Section 12 herein, PRT shall have the right to elect whether to incorporate the requested Changes, together with any related increases or decreases in the Maximum Price payable by PRT or the period of performance of this Agreement, into this Agreement by way of a written amendment to this Agreement executed by each of the Parties hereto or by such other written method determined to be appropriate by PRT.

Contractor's contact for all Changes to this Agreement will be through PRT's Project Manager. However, Changes to this Agreement shall not be effective, and the Contractor shall not be required to proceed with a proposed Change, until receipt by Contractor of a written order issued by PRT delineating the Changes establishing the increase or decrease in the Maximum Price or period of performance, if any, for the affected portion of the Contract Services (a "Change Order"). Any part of this Agreement shall be deemed to be amended with any agreed Change from the date such Change Order is executed by PRT and thereafter the Parties shall perform their respective obligations on the basis of this Agreement as so amended.

13. Dispute Resolution.

13.1 Dispute Resolution by the Parties. Any and all disputes regarding either Party's performance of its obligations under this Agreement are to be resolved by the Project Managers who shall each be responsible for apprising the appropriate persons within their respective organizations of any such dispute and the progress, if any, made toward its resolution. Notwithstanding the foregoing, if any dispute hereunder remains unresolved for more than 10 business days following the initial written notice from one Project Manager to the other, either Project Manager may cause, by written notice to the other (such written notice to include a detailed description, including supporting documentation, of the claim from which the dispute arises), such dispute to be referred to the PRT's Contracting Officer (in each case PRT's Chief Human Resource Officer, and in the absence of the same PRT's Chief Executive Officer) and to the President/CEO of Contractor. If, 10 business days after such referral to such designated representatives,

the dispute remains unresolved, either such designated representative may cause the dispute to be referred to the Chief Executive Officer of PRT and to the President/CEO of Contractor. Disputes arising in the performance of this Agreement which are not resolved within 10 business days by the Chief Executive Officer of PRT and the President/CEO of Contractor shall be decided in writing by PRT's Contracting Officer. This decision shall be final and conclusive unless within 10 business days from the date of receipt of its copy, Contractor mails or otherwise furnishes a written appeal to PRT's Contracting Officer. In connection with any such appeal, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of PRT's Contracting Officer shall be final and binding upon Contractor and Contractor shall abide by, and perform in accordance with, such decision. Notwithstanding the foregoing, following completion of the process set forth above, nothing in Sections 13.1 shall be construed to limit or restrict either Party's ability to seek relief in accordance with Section 13.3 of this Agreement.

13.2 Performance During Dispute. During any ongoing dispute, Contractor will continue performance of this Agreement.

13.3 Remedies. Unless this Agreement expressly provides otherwise, and after compliance with the requirements of Sections 13.1 and 13.2 above, all claims, counterclaims, disputes and other matters in question between PRT and the Contractor arising out of or relating to this Agreement or its breach shall be commenced only in a Commonwealth of Pennsylvania or federal court located in Pittsburgh, Pennsylvania and Contractor and all of its subcontractors and suppliers hereby expressly consent to the jurisdiction and venue of such courts as set forth in Section 27 of this Agreement.

13.4 Waiver. No action or failure to act by PRT or Contractor shall constitute a waiver of any right or duty afforded any of them under this Agreement, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

14. Non-discrimination.

In connection with the performance under this Agreement, Contractor shall not discriminate against any employee or applicant for employment because of race, color, religious creed, age, sex, sexual identity, gender identity, status as a parent, disability, national origin or otherwise and shall comply with the Commonwealth of Pennsylvania Nondiscrimination Clause attached hereto and made a part hereof as Attachment D. Contractor shall take affirmative action to ensure that applicants are employed and that employees or agents are treated during employment without regard to their race, color, religious creed, sex, age, sexual identity, gender identity, status as a parent, disability, national origin or otherwise. Such action shall include, but not be limited to, the following: employment upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Contractor agree to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause.

The Contractor shall send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under Section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment. Similar notice shall be sent to every other source of recruitment regularly utilized by the Contractor. It shall be no defense to a finding of

noncompliance with this nondiscrimination clause that the Contractor had delegated some of its employment practices to any union, training program or other source of recruitment which prevents it from meeting its obligations. However, if evidence indicates that the Contractor was not on notice of the third party discrimination or made a good faith effort to correct it, such factor shall be considered in mitigation in determining appropriate sanctions. Where the practices of a union or of any training program or other source of recruitment will result in the exclusion of minority group persons, so that the Contractor will be unable to meet its obligations under this nondiscrimination clause, the Contractor shall then employ and fill vacancies through other nondiscriminatory employment procedures.

Contractor shall comply and shall assure the compliance by its subcontractors under this Agreement with all requirements of Title VI of the Civil Rights Act, as amended, 42 U.S.C. §2000d; Section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102; Section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132; Federal Transit Law at 49 U.S.C. § 5332, and the Department of Transportation regulations, "Nondiscrimination in Federally-Assisted Programs of the Department of Transportation--Effectuation of Title VI of the Civil Rights Act," 49 C.F.R., Part 21. In addition, Contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

In the event of the Contractor's noncompliance with the nondiscrimination clauses of the Contract or with any of the applicable rules, regulations or orders, the Contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further state or federal government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, as amended, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

15. Equal Employment Opportunity.

In accordance with, Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and Federal transit laws at 49 U.S.C. § 5332, Contractor agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. Parts 60 et seq., (which implement Executive Order No. 11246, "Equal Employment Opportunity," as amended by Executive Order No. 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," 42 U.S.C. § 2000e note), and with any applicable Federal statutes, executive orders, regulations, and Federal policies that may in the future affect activities undertaken in the course of the Project. The Contractor shall furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and shall permit access to its books, records, and accounts by FTA and by the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders. The Contractor shall furnish all necessary employment documents and records to, and permit access to its books, records and accounts by PRT and the Commonwealth of Pennsylvania Office of Administration, Bureau of Affirmative Action, for purposes of investigation to ascertain compliance with this Section 15. If the Contractor does not possess documents or records reflecting the necessary information requested, it shall furnish such information on reporting forms supplied by PRT or the Bureau of Affirmative Action. Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment,

without regard to their race, color, creed, national origin, sex, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, Contractor agrees to comply with any implementing requirements FTA may issue.

Contractor shall comply and shall assure the compliance by its subcontractors and suppliers under this Agreement with all the Equal Employment Opportunity requirements as follows:

15.1 Race, Color, Creed, National Origin, Sex. Contractor shall comply with all applicable provisions of Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, et seq., Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375, Amending Executive Order No. 11246 “Relating to Equal Employment Opportunity,” 42 U.S.C. §§ 2000e, et seq., as further amended by Executive Order No. 13672, Further Amendments to Executive Order No. 11478, “Equal Employment Opportunity in Federal Government,” and with any applicable Federal statutes, executive orders, regulations and Federal policies that may in the future affect activities undertaken in the course of or for the Contract Services.

15.2 Age. In accordance with Section 4 of the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. §§ 623 and Federal transit law at 49 U.S.C. § 5332, Contractor shall not discriminate against present and prospective employees for reason of age. In addition, Contractor shall comply with any implementing requirements FTA may issue.

15.3 Disabilities. In accordance with section 102 of the Americans with Disabilities Act, as amended, 42 U.S.C. § 12112, and any implementing regulations issued by FTA, Contractor shall comply with the requirements of U.S. Equal Employment Opportunity Commission, “Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act,” 29 C.F.R. Part 1630, pertaining to employment of persons with disabilities. In addition, Contractor shall comply with any implementing requirements FTA may issue.

15.4 Sex. In accordance with Title IX, as amended, 20 U.S.C. §§ 1681, et seq., and any implementing regulations issued by FTA or the federal Department of Transportation, Contractor shall not discriminate based on sex.

15.5 Subcontract Agreements. The Contractor shall include a citation to 41 C.F.R. § 60-1.4(b)(1) and § 60-1.4(c) and the provisions of this Section 15.1 through 15.5 in every subcontract or purchase order for the Contract Services unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions shall be binding upon each Subcontractor or Supplier. The Contractor shall take such action with respect to any subcontract or subcontractor purchase order as FTA may direct as a means of enforcing such provisions, including sanctions for noncompliance; provided, however, that in the event the Contractor becomes involved in, or is threatened with, litigation with a Subcontractor or Supplier as a result of such direction by FTA, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

16. Disadvantaged Business Enterprise / Diverse Business Utilization/Non-Discrimination Requirements.

The Contractor agrees to ensure that Disadvantaged Business Enterprises (each a “DBE”), as defined in 49 C.F.R., Part 26, to the extent all or a portion of the Contract Services are federally funded, and Diverse Businesses (each a “DB”), as defined in 74 Pa.C.S. § 303, have the maximum opportunity to participate in the performance of contracts and subcontracts provided under this Agreement and shall document its good faith efforts to solicit subcontracts from DBEs, as applicable, and DBs.

(a) Non-Discrimination Clause

The Contractor and its subcontractors shall not discriminate on the basis of race, color, religion, creed, age, disability, national origin, sex, sexual origin, gender identity or status as a parent in the performance of this Agreement.

(b) Disadvantaged Business Enterprises Utilization Requirements.

It is the policy of the Department of Transportation that DBEs shall have the maximum opportunity to participate in the performance of contracts financed, in whole or in part, with Federal funds under this Agreement. Consequently, to the extent federal funds are utilized, the DBE requirements of 49 C.F.R., Part 26, apply to this Agreement.

The Contractor agrees to ensure that DBEs have, and shall take all necessary and reasonable steps in accordance with 49 C.F.R., Part 26, to ensure that DBEs have, the maximum opportunity to participate in the performance of contracts and subcontracts financed, in whole or in part, with Federal funds provided under this Agreement.

In connection with the performance of this Agreement, Contractor will cooperate with PRT in meeting its commitments and goals, if any, with regard to the maximum utilization of DBE firms. Because some of the Contract Services may be federally funded, PRT will evaluate each work order prior to issuance to determine whether to establish a DBE goal, if any, for the work order.

(c) Diverse Business (DB) Subcontractor Participation

It is the policy of PRT that DBs shall have the maximum opportunity to participate in the performance of contracts and subcontracts for the Contract Services, and Contractor, on behalf of itself and its subcontractors and suppliers, agrees to make a good faith effort to ensure that properly certified DBs, shall have the maximum opportunity to participate in the performance of contracts and subcontracts provided under or for this Agreement. In this regard, Contractor shall take all necessary and reasonable steps to ensure that DBs have the maximum opportunity to compete for and perform contracts and subcontracts for the Contract Services, and shall document in good faith, to PRT’s satisfaction, all efforts to solicit contracts and subcontracts from DBs.

(d) Breach/Use of Provisions

Failure by Contractor or its subcontractors or suppliers to carry out these requirements is a breach of the Agreement, which may result in the termination of this Agreement or such other remedy as PRT deems appropriate. Contractor hereby further represents, certifies and affirmatively assures PRT that it shall include, or caused to be included, the foregoing language in this Section in all subcontracts, of any tier, for the Contract Services.

(e) Contractor Records and Reports. To ensure that all obligations under contracts awarded to DBs (or if applicable, DBEs) are met, PRT shall review Contractor's DB (DBE) involvement efforts during the performance of the Agreement, which may include, among other thing, evidence of payment made to DB (DBE). Contractor, as part of its invoice submittals, shall report on the status of the DB (DBE) involvement in the Agreement using the DB (DBE) Utilization Report form provided by the PRT. Also, Contractor shall immediately bring to the attention of PRT any situation in which regularly scheduled progress payments are not made to DB (DBE) subcontractors.

The development of a comprehensive monitoring system enables PRT to assess progress in achieving DB (DBE) utilization, determine the priorities for allocating PRT staff time, and identify problem areas in a timely fashion. In order to carry out this monitoring, a record-keeping system should be developed which will identify and assess Contractor's progress in utilizing DBs (DBEs). Specifically, Contractor shall maintain records showing:

- (1) Procedures which have been adopted to comply with the requirements of the DB (DBE) program, including but not limited to:
 - a) Affirmative action techniques;
 - b) Technical assistance efforts and referrals;
 - c) Communication programs; and
 - d) Copies of all relevant correspondence, minutes of meetings, and lists of attendees at conferences and workshops.
 - (2) Awards to DB (DBE) firms, including at a minimum:
 - a) Names of DB (DBE) subcontractors;
 - b) Nature of work; and
 - c) Total value of the subcontract.
 - (3) Specific efforts to identify and award contracts to DBs (DBEs), including but not limited to:
 - a) Number and identity of DB (DBE) contacted and invited to submit a proposal by agreement; and
 - b) Number and identity of DBs (DBEs) responding by agreement.
- A. Penalties. During the performance of the Agreement and for a period of up to three (3) years following completion of the Contract Services, PRT may conduct reviews for compliance with the requirements of the DB (DBE) program. Such reviews may include the evaluation of the Contractor's reports, desk audits and site visitations. Where Contractor is found to be in non-compliance with the requirements of the foregoing Section during performance of the Agreement, it will be required to take corrective action. If corrective action is not promptly taken by Contractor, the following sanctions may be instituted (singularly, in any combination and in addition to any other remedies provided by law):
- a) PRT may withhold further payments under the Agreement;
 - b) Contractor may be ordered to stop work without PRT being responsible for any resulting damages, costs or delays;
 - c) The Agreement may be terminated; or

- d) Suspension or debarment proceedings may be commenced, without PRT being responsible for any resulting damages, costs or delays.

17. Assignment.

Contractor shall not voluntarily, involuntarily or by operation of law, assign any interest in this Agreement and shall not transfer any interest in the same (whether by assignment or novation), except as provided herein, without, in each instance, the prior written consent of PRT, which consent may be withheld for any reason whatsoever. Notwithstanding the foregoing, claims for money due or to become due to Contractor from PRT under this Agreement may be assigned to a bank, trust company or other financial institution without such approval, but shall be subject to any claims PRT may have against Contractor. Notice of any such assignment or transfer shall be promptly furnished in writing to PRT.

PRT, at its sole discretion, reserves the right to assign all or any portion of the Agreement. This assignment, should it occur, shall be to any successor or third party, including but not limited to regional public transit agencies and/or other public agencies within reasonable proximity to PRT, and will be honored by the Contractor. PRT's right of assignment will remain in force over the term of the Agreement, or until final completion of the Contract Services, whichever is later.

No such assignment will be valid unless and until Contractor receives prior written notice from PRT authorizing the assignment.

18. Subcontracting.

Except as otherwise set forth herein, Contractor may not subcontract the Contract Services or any portion thereof to any third party without, in each instance, the prior written approval by PRT of the proposed subcontractor, which approval shall not unreasonably be withheld.

If the amount of a proposed lower tier Covered Transaction (2 C.F.R. Part 180) for the Contract Services equals or exceeds \$25,000.00, the Contractor shall independently verify the debarment status of each person with which it proposes to enter into such a transaction. The Contractor shall also verify the debarment status of each such person by utilizing the current list of suspended and debarred contractors at "<https://www.sam.gov>." The Contractor's obligations pursuant to these provisions are ongoing and shall be performed from the Effective Date of the Agreement through the completion of all of the Contract Services. In order to fulfill these obligations, Contractor shall provide to PRT an executed Certification of Proposed Subcontractor, in the form attached hereto as Attachment E, from each proposed subcontractor to this Agreement.

Contractor shall require that a Certification Regarding Lobbying, in the form attached hereto as Attachment F, be included in the award documents for all subcontracts exceeding \$100,000 at any tier, and shall ensure that the appropriate subcontractor shall execute the Certification Regarding Lobbying and, if applicable, the Disclosure of Lobbying Activities form. All Disclosure of Lobbying forms, but not Certification Regarding Lobbying forms, shall be forwarded to PRT, whereupon PRT will forward same to FTA in accordance with 49 C. F. R., Part 20.

The amount of work subcontracted by Contractor shall not aggregate more than **twenty-five (25)** percent of all work hereunder, as measured in terms of cost to PRT. Prior to PRT approval of any proposed subcontractor, Contractor shall provide PRT with the name of the proposed subcontractor, the tasks to

be performed by the proposed subcontractor and the qualifications of the proposed subcontractor to perform the subcontracted work. Further, Contractor shall include in such subcontracts the provisions or appropriate versions of Sections 13 through 23 of this Agreement. Contractor shall provide to PRT sufficient evidence of inclusion of said provisions in its subcontractor agreements.

Contractor hereby represents, warrants and covenants to PRT that all work performed by any subcontractor of Contractor on behalf of Contractor under this Agreement shall be in accordance with the terms and conditions of this Agreement.

Contractor will certify compliance with its obligations under this Section 18 upon submission of a Subcontractor Utilization Form as attached hereto as Attachment G prior to or at the time of the Effective Date of this Agreement, and thereafter submitted prior to PRT's approval of any additional subcontractor and any additional lower tier Covered Transaction. PRT agrees that the subcontractor(s) listed on Attachment G is/are acceptable as subcontractor(s), provided that such subcontractors meet the requirements of this Section 18.

19. No Unauthorized Disclosures.

No reports, information, data or other materials given to, or prepared or assembled by, Contractor under this Agreement shall be made available to any individual or organization by Contractor without, in each instance, the prior written approval of PRT.

20. Inspection.

Such affirmative action shall include, but is not limited to, employment upgrading, demotion or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training. The Contractor shall post in conspicuous places, available to employees, agents, applicant for employment and other persons, a notice to be provided by the borrowing agency setting forth the provisions of this nondiscrimination clause.

However, if the evidence indicates that the Contractor was not on notice of the third party discrimination or made a good faith effort to correct it, such factor shall be considered in mitigation in determining appropriate sanctions.
5. Where the practices of a union or of any training program or other source of recruitment will result in the exclusion of minority group persons, so that the Contractor will be unable to meet its obligations under this nondiscrimination clause, the Contractor shall then employ and fill vacancies through other nondiscriminatory employment procedures.
6. The Contractor shall comply with all state and federal laws prohibiting discrimination in hiring or employment opportunities. In the event of the Contractor's noncompliance with the nondiscrimination clause of this contract or with any such laws, this contract may be terminated or suspended, in whole or in part, and the Contractor may be declared temporarily ineligible for further Commonwealth contracts, and other sanctions may be imposed and remedies invoked.

PATENTS AND RIGHTS IN DATA

A. Rights in Data - Contractor acknowledges that the following requirements apply to this Agreement concerning experimental, developmental or research work:

(1) The term “subject data” used in this clause means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under this Agreement. The term includes graphic or pictorial delineation in media such as drawings or photographs; text in specifications or related performance or design-type documents; machine forms such as punched cards, magnetic tape, or computer memory printouts; and information retained in computer memory. Examples include, but are not limited to: computer software, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information. The term “subject data” does not include financial reports, cost analyses, and similar information incidental to contract administration.

(2) The following restrictions apply to all subject data first produced in the performance of this Agreement to which this Attachment has been added:

(a) Except for its own internal use, Contractor may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may Contractor authorize others to do so, without the written consent of the PRT, until such time as the PRT may have either released or approved the release of such data to the public; this restriction on publication, however, does not apply to any contract with an academic institution.

(b) Unless prohibited by state law, upon request by the PRT, Contractor agrees to indemnify, save, and hold harmless the PRT, its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under that contract. Contractor shall be required to indemnify the PRT for any such liability arising out of the wrongful act of any employee, official, or agents of the PRT.

(c) Nothing contained in this clause on rights in data shall imply a license to the PRT under any patent or be construed as affecting the scope of any license or other right otherwise granted to the PRT under any patent.

(d) Data developed by Contractor and financed entirely without using Federal assistance provided by the PRT that has been incorporated into work required by the underlying contract to which this Attachment has been added is exempt from the requirements of subsections (b) of

this clause, provided that Contractor identifies that data in writing at the time of delivery of the contract work.

(e) Contractor agrees to include these requirements in each subcontract for experimental, developmental, or research work financed.

(3) Unless the PRT later makes a contrary determination in writing, irrespective of Contractor's status (i.e., a large business, small business, state government or state instrumentality, local government, nonprofit organization, institution of higher education, individual, etc.), the Purchaser and Contractor agree to take the necessary actions to provide, those rights in that invention due the PRT as described in U.S. Department of Commerce regulations, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," 37 C.F.R., Part 401.

B. Patent Rights - The following requirements apply to each contract involving experimental, developmental, or research work:

(1) General - If any invention, improvement, or discovery is conceived or first actually reduced to practice in the course of or under the contract to which this Attachment has been added, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the Purchaser and Contractor agree to take actions necessary to provide immediate notice and a detailed report to the party at a higher tier.

(2) Contractor also agrees to include the requirements of this clause in each subcontract for experimental, developmental, or research work.
